

## NICOSIA RACE CLUB

### BETTING RULES

#### WIN

- The WIN bet is active in all races with two or more runners. In order to win you have to predict the runner finishing first. If the selected horse is scratched from the race the money for the bet is refunded.
- If there is only one horse left in the race, as a result of scratches or horses that were not under the Starter's orders at the starting gate, the bets are cancelled and the money is refunded.
- If two or more horses finish simultaneously (dead heat) each horse that finished first pays a different dividend.
- If there is no winning ticket in a race, the net pool (total pool minus NRC's takeout), is transferred to the next race in which the bet is active. This procedure repeats until a winning ticket is found.

#### PLACE

- The PLACE bet is active in all races with seven or more runners. In order to win you have to predict the runner finishing first or second. There is a separate dividend paid for the runner finishing first and the runner finishing second. If the selected horse is scratched from the race the money for the bet is refunded.
- If there are only five or fewer horses left in the race, as a result of scratches or horses that were not under the Starter's orders at the starting gate, the bets are cancelled and the money is refunded.
- If two or more horses finish simultaneously first or second (dead heat) each horse that finished first or second pays a different dividend.
- If there is no winning ticket in a race, the net pool (total pool minus NRC's takeout), is transferred to the next race in which the bet is active. This procedure repeats until a winning ticket is found.

#### TWIN (Quinella)

- The TWIN bet is active in all races with five or more runners. In order to win you have to predict the runners finishing first and second in any order. If one of the selected horses is scratched from the race the money for the bet is refunded.

- If there are only two or fewer horses left in the race, as a result of scratches or horses that were not under the Starter's orders at the starting gate, the bets are cancelled and the money is refunded.
- If two or more horses finish simultaneously first or second (dead heat) each combination of horses finishing first and second or second and first pays a different dividend.
- If there is no winning ticket in a race, the net pool (total pool minus NRC's takeout), is transferred to the next race in which the bet is active. This procedure repeats until a winning ticket is found.

## FORECAST (Exacta)

- The FORECAST bet is active in all races with three or more runners. In order to win you have to predict the runners finishing first and second in exact order. If one of the selected horses is scratched from the race the money for the bet is refunded.
- If there are only two or fewer horses left in the race, as a result of scratches or horses that were not under the Starter's orders at the starting gate, the bets are cancelled and the money is refunded.
- If two or more horses finish simultaneously first or second (dead heat) each combination of horses that finished first and second in the exact order pays a different dividend.
- If there is no winning ticket in a race, the net pool (total pool minus NRC's takeout), is transferred to the next race in which the bet is active. This procedure repeats until a winning ticket is found.

## DOUBLE TOTE

- The DOUBLE bet includes two consecutive races. In order to win you have to predict the runner finishing first in each of the two races (legs) of the bet. The bet is active before the start of the first race (leg) of the bet.
- The bet is active in all races with two or more runners.
- If the selected horse for the first leg is scratched from the race the money for the bet is refunded. If the selected horse for the second leg is scratched before the final results (dividends) of the first race (leg), the bet is also refunded. If however, the selected horse for the second race (leg) is scratched after the final results (dividends) of the first race (leg) then the winners of the first (leg) are paid a special dividend.
- If the second race (leg) is cancelled after the final results (dividends) of the first race (leg) then the winners of the first race (leg) are paid a special dividend.
- If there is only one horse left in a race, as a result of scratches or horses that were not under the Starter's orders at the starting gate, the bets of the first leg (race) are cancelled and the money is refunded.
- If two or more horses finish simultaneously (dead heat) each horse that finished first pays a different dividend.

- If there is no winning ticket in a race, the net pool (total pool minus NRC's takeout), is transferred to the next race in which the bet is active. This procedure repeats until a winning ticket is found.

## TRIO

- The TRIO bet is active in all races with five or more runners. In order to win you have to predict the runners finishing first, second and third in exact order. If one or more of the selected horses is scratched from the race the money for the bet is refunded.
- If there are only four or fewer horses left in the race, as a result of scratches or horses that were not under the Starter's orders at the starting gate, the bets are cancelled and the money is refunded.
- If two or more horses finish simultaneously first, second or third (dead heat) each winning combination pays a different dividend.
- If there is no winning ticket in a race, the net pool (total pool minus NRC's takeout), is transferred to the next race in which the bet is active. This procedure repeats until a winning ticket is found.

## TETRACAST

- The TETRACAST bet is active in races with five or more runners. In order to win you have to predict the runners finishing first, second, third and fourth in exact order. If one or more of the selected horses is scratched from the race the money for the bet is refunded.
- If there are only four or fewer horses left in the race, as a result of scratches or horses that were not under the Starter's orders at the starting gate, the bets are cancelled and the money is refunded.
- If two or more horses finish simultaneously first, second, third or fourth (dead heat) each winning combination pays a different dividend.
- If there is no winning ticket in a race, the net pool (total pool minus NRC's takeout), is transferred to the next race in which the bet is active. This procedure repeats until a winning ticket is found.

## OMNI

- The bet is active in all races with six or more runners.
- In order to win you have to predict two runners finishing in the first three positions in any order.

- A separate dividend is paid for each winning combination (1st & 2nd, 1st & 3rd, 2nd & 3rd). In case of dead heat for the third position a separate dividend for all five winning combinations is paid. The combination of the two horses finished third is not considered as a winning combination.
- If the selected horse(s) is/are scratched from the race, the money for the bet is refunded.
- If there are only five or fewer horses left in the race, as a result of scratches or horses that were not under the Starter's orders at the starting gate, the bets are cancelled and the money is refunded.
- If there is no winning ticket in a race, the net pool (total pool minus NRC's takeout), is transferred to the next race in which the bet is active. This procedure repeats until a winning ticket is found.

## DOUBLE FORECAST

- The DOUBLE FORECAST bet includes two consecutive races. In order to win you have to predict the runner finishing first and second in exact order in each of the two races (legs) of the bet. The bet is active before the start of the first race (leg) of the bet.
- The bet is active in all races with three or more runners.
- If anyone of the selected horses for the first leg is scratched from the race the money for the bet is refunded. If anyone of the selected horses for the second leg is scratched before the final results (dividends) of the first race (leg) the bet is also refunded. If however, anyone of the selected horses for the second race (leg) is scratched after the final results (dividends) of the first race (leg) then the winners of the first (leg) are paid a special dividend.
- If the second race (leg) is cancelled after the final results (dividends) of the first race (leg) then the winners of the first race (leg) are paid a special dividend.
- If there are two or less horses left in a race as a result of scratches or horses that were not under the Starter's orders at the starting gate or if there is a no race condition, the bets of the first leg (race) are cancelled and the money is refunded. In the case of a no race condition, the winners of the first race (leg) are paid a special dividend.
- If two or more horses finish simultaneously (dead heat) for the first or second position, each combination pays a different dividend.

## PICK 4

- The PICK 4 bet includes the last four races of each Performance.
- In order to win you have to predict the runner finishing first in each of the four races of the bet.

- If a race is cancelled all its runners will be considered winners as far as PICK 4 is concerned.
- If two or more races are cancelled, the bet is cancelled and the money is refunded.
- If in any race one or more horses are scratched (including the case at which only one runner remains-WALKOVER) then this/these horses will be replaced as far as PICK 4 is concerned by the favourite horse of the WIN bet for that race. In the event that two or more horses have the same WIN dividend then the horse with the smaller serial number in the official race card of the Club will be chosen.
- If two or more horses finish simultaneously (dead heat) each horse that finished first will be a winner.
- The minimum distributable amount to the winners will not be less than 5000 Euro.
- If there is no winning ticket in a Performance, the total pool after the deduction of the net pool (total pool minus NRC's takeout), is transferred to the next Performance in which the bet is active. This procedure repeats until a winning ticket is found.

## PICK 6

- The PICK 6 bet includes the last races of each Performance.
- In order to win you have to predict the runner finishing first in each of the six races of the bet.
- If one or two races are cancelled their runners will be considered winners as far as PICK 6 is concerned.
- If three or more races are cancelled, the bet is cancelled and the money is refunded.
- If in any race one or more horses are scratched (including the case at which only one runner remains-WALKOVER) then this/these horses will be replaced as far as PICK 6 is concerned by the favourite horse of the WIN bet for that race. In the event that two or more horses have the same WIN dividend then the horse with the smaller serial number in the official race card of the Club will be chosen.
- If two or more horses finish simultaneously (dead heat) each horse that finished first will be a winner.
- The minimum distributable amount to the winners will not be less than 5000 Euro. In the case that there is a carryover from the previous meeting, the minimum distributable amount is set to the carryover plus 5000 Euro.
- If there is no winning ticket in a Performance, the net pool (total pool minus NRC's takeout), is transferred to the next Performance in which the bet is active. This procedure repeats until a winning ticket is found.

## PICK 8
